\*\*\*Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$15.00 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.80 per hour up to 40 hours per week or \$192.00 per week or \$832.00 per month

HEALTH & WELFARE EO 13706: \$4.41 per hour up to 40 hours per week or \$176.40 per week or \$764.40 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Juneteenth National Independence Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive administrative or professional capacity as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17) this wage determination may not include wage rates for all occupations within those job families. In such instances a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry and are not determinative of whether an employee is an exempt computer professional. To be exempt computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14 2006)). Accordingly this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime

(i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* HAZARDOUS PAY DIFFERENTIAL \*\***

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\***

**Conformance Process:**

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees

(See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

## INSTRUCTIONS TO BIDDERS

### **1. Quantities**

The work under these Contract documents consists of furnishing and delivery of five (5) Full Size 10-Passenger ADA-Compliant Vans and associated goods and services such as spare parts, training material and manuals.

### **2. Questions, Clarifications and Omissions**

All correspondence, communication and contact in regard to any aspect of this solicitation shall be only with the Procurement Officer identified above. Unless otherwise instructed by the Procurement Officer, bidders and their representatives shall not make any contact with or communicate with any member of GSA, GRTA or its' Board of Directors or its employees and consultants, other than the designated Procurement Officer, in regard to any aspect of this solicitation. At any time during this procurement up to the time specified in "Proposed Schedule for the Procurement," Bidders may request, in writing, a clarification or interpretation of any aspect, a change to any requirement of the IFB, or any addenda to the IFB. Requests may include suggested substitutes for specified items and for any brand names, which whenever used in this solicitation shall mean the brand name or approved equal. Such written requests shall be made to the Procurement Officer. Any request for a change to any requirement of the Contract documents must be fully supported with technical data, test results or other pertinent information showing evidence that the exception will result in a condition equal to or better than that required by the IFB, without a substantial increase in cost or time requirements.

**The Government shall prepare a written response to all Requests for Pre-Bid Change or Approved Equal received in a timely manner, and shall serve the response on all registered. Any response that is not confirmed by a written addendum shall not be official or binding on GSA. GSA will issue a separate addendum incorporating all approved changes that result from the Request for Pre-Bid Change or Approved Equal process in order to avoid conflicting documents.**

If it should appear to a registered Bidder that the performance of the Work under the Contract, or any of the matters relating thereto, is not sufficiently described or explained in the IFB or Contract documents, or that any conflict or discrepancy exists between different parts of the Contract or with any federal, state, local or GSA law, ordinance, rule, regulation or other standard or requirement, then the Bidder shall submit a written request for clarification to the GSA within the time period specified above.

### **3. Addenda to IFB**

The GSA reserves the right to amend the IFB at any time in accordance with "Proposed Schedule for the Procurement." Any amendments to the IFB shall be described in written addenda and served on all registered bidders. The registered bidders shall acknowledge the receipt of all amendments issued. All addenda issued shall become part of the IFB. If GSA determines that the addenda may require significant changes in the preparation of Bids, the deadline for submitting the Bids may be postponed from the date of issuance of addenda or by the number of days that GSA determines will allow Bidders sufficient time to revise their Bids. Any new Due Date shall be included in the addenda.

### **4. Buy America Certification**

This solicitation and the contract to be awarded under this solicitation are subject to the "Buy America" requirements of 49 United States Code (USC) §5323(j) and 49 Code of Federal Regulations (CFR) Part 661, and applicable federal regulations. Prospective bidders' attention is directed to 49 CFR §661.11, "Rolling Stock Procurements." Prospective Bidders have the responsibility to comply with Part 661 and any governing laws, including official interpretations.

In order to be considered responsive, a Bidder must submit a completed Buy America certificate in accordance with 49 CFR § 661.12 with its bid. A bid will be considered non-responsive if the Buy America certificate is not signed, or if both the compliance and non-compliance certificates are signed, or if no certificate at all is submitted with the bid.

The two signature blocks on the Buy America certificate are mutually exclusive. Bidders shall sign only one signature block on the certificate. Signing both signature blocks will make the Bid nonresponsive. A false certification is a criminal act in violation of 18 USC §1001.

A Bidder who has submitted an incomplete Buy America certificate or incorrect certificate of noncompliance through inadvertent or clerical error (but not including failure to sign the certificate, submission of certificates of both compliance and noncompliance, or failure to submit any certification),

may submit to the FTA chief counsel within ten (10) days of Bid opening a written explanation of the circumstances surrounding the submission of the incomplete or incorrect certification in accordance with 28 USC §1746, sworn under penalty of perjury, stating that the submission resulted from inadvertent or clerical error. The Bidder will also submit evidence of intent, such as information about the origin of the product, invoices, or other working documents. The Bidder will simultaneously send a copy of this information to GSA.

The FTA Chief Counsel may request additional information from the Bidder, if necessary. GSA may not make Contract award until the FTA Chief Counsel issues his or her determination, except as provided in 49 CFR Part 661.15(m).

Certification based on ignorance of proper application of the Buy America requirements is not an inadvertent or clerical error.

A waiver from the Buy America provisions will be sought by GSA from the FTA, for the proposed awardee, if the grounds for a waiver exist. All Bidders seeking a waiver must submit to GSA a timely request in writing, which shall include the facts and justification to support the granting of the waiver. Such waiver from the Buy America provisions may be granted if the FTA determines the following:

- a. Their application would be inconsistent with the public interest;
- b. Materials are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- c. Inclusion of domestic material will increase the cost of the overall Contract by more than 25 percent.

Any party may petition the FTA to investigate a successful Bidder's compliance with the Buy America certification. The procedures are set out in 49 CFR Part 661.15. If the FTA determines the evidence indicates noncompliance, the FTA will require the GSA to initiate an investigation. The successful Bidder has the burden of proof to establish compliance with its certification. If the successful Bidder fails to so demonstrate compliance, then the successful Bidder will be required to substitute sufficient domestic materials without revision of the original Contract terms. Failure to do so will be a breach of the Contract and may lead to the initiation of debarment proceedings under 49 CFR Part 29.

## **5. Conditions, Exceptions, Reservations or Understandings**

Bidders are cautioned to limit exceptions, conditions and limitations to the provisions of this IFB, as they may be determined to be so fundamental as to cause rejection of the Bid for not responding to the requirements of the IFB.

## **6. Protest Procedures**

Protests must be delivered to the Chief Procurement Officer in a timely manner. All protests must be in writing, stating the name and address of protestor, a contact person, contract number and title. Protests shall specify in detail the grounds of the protest and the facts supporting the protest.

### **a. Address**

All protests must be addressed as follows:

- **GSA Contact:** Claudia Acfalle
- **For special delivery or hand delivery:**
  - Claudia Acfalle, GSA, 148 Route 1 Marine Corps Drive, Piti, Guam 96913
- **For U.S. Mail:** Attn. Claudia Acfalle, GSA, 148 Route 1 Marine Corps Drive, Piti, Guam 96913

Protests not properly addressed to the address shown above may not be considered by the GSA.

Copies of GSA's protest procedures and the protest provisions of FTA Circular 4220.1F or its successor may be obtained from Claudia Acfalle, Chief Procurement Officer, General Services Administration.

### **b. Pre-Bid Protests**

Pre-Bid protests are protests based upon the content of the solicitation documents. A protest must be filed within fourteen (14) days after the protesting party knows, or should have known, of facts giving rise to the protest. And upon filing of a protest, an automatic stay is imposed on the entire solicitation.

**c. Protests on the Recommended Award**

All Registered Bidders will be notified of the recommended award. This notice will be transmitted to each Registered Bidder at the address contained in its Bid form in a manner that provides verification of receipt. According to Guam law, a protest must be filed within fourteen (14) days after the protesting party knows, or should have known, of facts giving rise to the protest, and upon filing of a protest, an automatic stay is imposed on the entire solicitation (5 GCA, Section 5425).

**7. Response to Bids**

**a. Single Bid Response**

Pursuant to 2 GAR, Division 4, § 3102 (c), if only one Bid is received in response to this IFB and it is found by GSA to be acceptable, GSA will determine whether competition was adequate, which will include a review of the specifications for undue restrictiveness. If GSA determines that specifications were sufficiently permissive for competition, a price or cost analysis, or both, possibly including an audit, may be performed by or for GSA. The Bidder has agreed to such analysis by submitting a Bid in response to this IFB.

**b. Availability of Funds**

This procurement is subject to the availability of funding.

**c. GSA Contract Approval Process**

The contract shall be signed by the awarded bidder and the using Administration, GRTA, and approved by the Chief Procurement Officer. GRTA's certifying officer must then certify sufficient funds for the contract. The contract must then be submitted to the Bureau of Budget and Management Research for their review and approval. At this point, the contract is considered fully signed. Finally, the contract is submitted to the Department of Administration for registration. When registration is completed, a notice to proceed will be issued to the awarded bidder.

**d. GSA Rights**

GSA reserves the right to cancel the procurement in whole or in part, at its sole discretion, at any time before the Contract is fully executed and approved on behalf of GSA.

GSA reserves the right to reject any or all Bids, which, in its judgment, will be most advantageous to GSA, considering price and other aspects of the evaluation process noted above. GSA reserves the right to determine any specific Bid that is conditional or not prepared in accordance with the instructions and requirements of this IFB to be nonresponsive. GSA reserves the right to waive any Defects, or minor informalities or irregularities in any Bid which do not materially affect the Bid or prejudice other Bidders.

If there is any evidence indicating that two or more bidders are in collusion to restrict competition or are otherwise engaged in anti-competitive practices, the Bids of all such Bidders shall be rejected, and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by GSA.

**e. Execution of Contract**

The acceptance of a Bid for award, if made, shall be evidenced in writing by a notice of intent to award delivered to the Bidder whose Bid is accepted.

**8. Government of Guam-Mandatory Provisions**

**a. Disclosure of Ownership and Commissions.**

In accordance with 5 GCA § 5233, as a condition of making a bid and doing business with the government, a bidder must disclose in the form of an affidavit the names of all persons owning more than ten percent of the outstanding interest of the bidder's business during the twelve-month period immediately preceding the date a bid is submitted, including the percentage owned by each such person or entity. The affidavit for this solicitation may be made on any date on or after the date this procurement is issued and up to and including the date that bids are due.

The same affidavit must also disclose the identity of anyone who has received or is entitled to receive a commission, gratuity, percentage, brokerage or other compensation or contingent arrangement for procuring a contract with the purchasing Administration or for assisting the bidder in obtaining business related to this procurement, and the value or amounts. Please note that commissions, gratuities, percentages, contingency fees, or other compensation for the purposes stated herein are prohibited by Guam law, except that this prohibition does not apply to fees payable by the bidder upon contracts or sales secured or made through *bona fide* established commercial or selling agencies maintained by the bidder for the purpose of securing business.

If any of the bidder's shareholders or partners is itself a corporation, partnership or other business entity, then each such shareholder or partner must also prepare the affidavit, and the bidder must submit all such affidavits with its proposal. The AG Procurement Form 002 (Affidavit of Disclosing Ownership and Commissions) is attached.

**b. Contingent Fees**

The bidder must represent, pursuant to 2 GAR, Division 4, § 11108(a)(3); 5 GCA §§ 5630(c) and 5631 (c), that it has not retained any person or Administration on a percentage, commission, or other contingent arrangement to secure a contract with the government; nor has it retained a person to solicit or secure a contract with the government of Guam upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business.

**c. Interest**

Pursuant to 5 GCA § 5475, interest on amounts ultimately determined to be due to a contractor or the Government of Guam shall be payable at the statutory rate applicable to judgements from the date the claim arose through the date of decision or judgement, whichever is later.

**d. Ethical Standards**

The bidder must represent, pursuant to 2 GAR, Division 4, § 11103.(b); 5 GCA § 5225 and 5630, that it has not knowingly influenced, and promises that it will not knowingly influence, a government employee to breach any of the ethical standards set out in Guam's procurement code or regulations pertaining to ethics in public contracting.

**e. No Gratuities and kickbacks**

The bidder must represent, pursuant to 5 GCA § 5630 (c); 2 GAR, Division 4, § 11107 (3), that it has not violated, is not violating, and promises that it will not violate, the prohibition against gratuities and kickbacks set forth in the Guam Procurement Law. The prohibition is as follows: It is a breach of ethical standards for any person to offer, give, or agree to give any government employee or former government employee, or for any government employee or former government employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal thereof. Further, it shall be a breach of ethical standards for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement of the award of a subcontract or order. The Affidavit Disclosing Ownership and Commission is attached.

**f. Non-Collusion**

The bidder must represent that its bid is genuine and not a sham and that the bidder is not in collusion with others, and that the bidder has not colluded, conspired, connived or agreed, directly or indirectly with any other person or bidder to put in a sham proposal, or to fix the cost of the contract, or to secure any advantage against the government or any person interested in the contract.

**g. Restriction on Employment of Sex Offenders**

In accordance with 5 GCA § 5253, the bidder must warrant that no person in its employment who has been convicted of a sex offense under the provisions of Chapter 25 of Title 9 of the Guam Code Annotated, or convicted of an offense defined in Article 2 of Chapter 28 of Title 9 of the Guam Code Annotated regardless of the jurisdiction in which the conviction was obtained, or who is listed on a Sex Offender Registry of any jurisdiction, shall provide services on behalf of the bidder relative to this procurement. If the bidder is awarded a contract, and any person employed by the bidder providing services under the resulting contract is subsequently convicted, then the bidder warrants that it will notify the Government of the conviction within twenty-four hours of the conviction, and will immediately remove such convicted person from providing services under the resulting contract. If the bidder is found to be in violation of any of the provisions of this

paragraph, then the Government shall give notice to the bidder to take corrective action. The bidder shall take corrective action within twenty-four hours of notice from the Government, and the bidder shall notify the Government when action has been taken. If the bidder fails to take corrective steps within twenty-four hours of notice from the Government, then the Government in its sole discretion may suspend temporarily any resulting contract. The bidder shall be solely responsible for ensuring that any of its subcontractors providing services to the Government in any contract resulting from this procurement also complies with this restriction.

**h. Compliance with U.S. Department of Labor Wage Determination for Guam**

(1.) Guam law requires, 5 GCA § 5211 (b), 5801-5805, that all contractors who provide services to the government of Guam must pay their employees' wages and benefits in accordance with the most recent Wage Determination for Guam issued by the U. S. Department of Labor. Therefore, all bidders and offerors must take into consideration the current Wage Determination for Guam applicable to their employees when submitting a bid or proposal to the Government of Guam.

(2.) The requirement to pay wages and benefits in accordance with the most recent Wage Determination is applicable to a contractor's employees who are responsible for the direct delivery of contract deliverables to the government, whether in whole or in part, under the contractor's contract with the government. Benefits to employees covered by the requirement shall include a minimum of ten (10) paid holidays per annum, and health and similar benefits as provided for by the applicable Wage Determination. The requirement is also applicable to the contractor's subcontractors.

(3.) A copy of the Wage Determination for Guam in effect at the time this solicitation is issued is attached. If the Wage Determination for Guam is changed before the date of submission of bids or proposals, the government will notify bidders or offerors of the change. If the Wage Determination for Guam is changed after the date of submission of bids or proposals but before bids or proposals are opened, only those who have submitted a bid or proposal will be afforded an opportunity to re-submit their bid or proposal. If a Wage Determination for Guam is changed after the lowest bidder is announced and has been confirmed to be responsive and responsible, or the best qualified offeror is selected, but before a contract becomes effective, then such bidder shall be afforded an opportunity to make an adjustment to its bid price to reflect the new wages or benefits, or the offeror shall be afforded an opportunity to renegotiate an adjustment to its price to reflect the new wages or benefits. To view the most recent Wage Determination for Guam, please visit the following web site:

<http://www.wdol.gov/wdol/scafiles/std/05-2147.txt>.

(4.) After a contract is entered into, the contractor shall be responsible for checking the U. S. Department of Labor web site periodically for the most current Wage Determination for Guam. The contractor shall pay the most current wages and benefits during the term of any contract resulting with the government of Guam, as newer Wage Determinations become effective. If the contract contains a renewal provision, and the contract is renewed, then the renewal document shall reflect that the Wage Determination most recent to the renewal date shall apply.

(5.) A violation of the requirement to pay in accordance with the most recent Wage Determination applicable to Guam may result in placement of the contractor on probationary status for one (1) year by the Chief Procurement Officer. No government contract will be awarded to that contractor during the probationary period.

A bidder or offeror must represent in its bid or proposal that, if a contract results with the government from this solicitation, then during any term of such contract, the bidder or offeror will always pay wages, and will always provide health and similar benefits, to its employees affected by the requirement, in accordance with the most recent Wage Determination issued for Guam, as such Wage Determination may be changed from time to time. A form for this purpose is attached to this solicitation, and is entitled "Declaration re Compliance with USDOL Wage Determination" (AG Procurement Form 006). All bidders and offerors must submit the form with their bid or proposal, attaching the most recent Wage Determination to the form.

Termination shall be affected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
- c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.
- d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
- e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed

with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work.

Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:

1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.

i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the municipal corporation deems appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).
- c. If a separate contract goal has been established, Bidders/offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53.
- d. If no separate contract goal has been established, the successful bidder/offeror will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.
- e. The contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor's receipt of payment for that work from the recipient. In addition, the contractor may not hold retainage from its subcontractors or must return any retainage payments to those subcontractors within 30 days after the subcontractor's work related to this contract is satisfactorily completed or must return any retainage payments to those subcontractors within 30 days after incremental acceptance of the subcontractor's work by the recipient and contractor's receipt of the partial retainage payment related to the subcontractor's work.
- f. The contractor must promptly notify the recipient whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE

subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of the recipient.

## GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

49 CFR Part 29, Executive Orders 12549, 12689, and 31 U.S.C.6101 (Contracts over \$25,000)

### **Background and Applicability**

In conjunction with the Office of Management and Budget and other affected Federal agencies, DOT published an update to 49 CFR Part 29 on November 26, 2003. This government-wide regulation implements Executive Order 12549, Debarment and Suspension, Executive Order 12689, Debarment and Suspension, and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed \$25,000 as well as any contract or subcontract (at any level) for Federally required auditing services. 49 CFR 29.220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from \$100,000 to \$25,000. These are contracts and subcontracts referred to in the regulation as "covered transactions."

Grantees, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified. They do this by (a) Checking the Excluded Parties List System, (b) Collecting a certification from that person, or (c) Adding a clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required. 49 CFR 29.300.

Grantees, contractors, and subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

Instructions for Certification: By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.

Suspension and Debarment This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into. By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the recipient. If it is later determined that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the recipient, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

A copy of the test report (for each bid ITEM) prepared by the Federal Transit Administration's (FTA) Altoona, Pennsylvania Bus Testing Center is attached to this certification and is a true and correct copy of the test report as prepared by the facility.

The undersigned understands that misrepresenting the testing status of a vehicle acquired with Federal financial assistance may subject the undersigned to civil penalties as outlined in the U.S. Department of Transportation's regulation on Program Fraud Civil Remedies, 49 CFR Part 31. In addition, the undersigned understands that FTA may suspend or debar a manufacturer under the procedures in 49 CFR Part 29.
